

## Silicon Valley Code Camp for Kids 2015

### Software Requirement

#### **Throwing Birds into Blocks with Construct 2**

**Instructor:** Christine Matheney, Microsoft

**Hardware Requirements:**

A computer running Windows 7 or higher. This can either be a PC or a Mac with bootcamp or parallels.

**Software:**

1. Go to <https://www.scirra.com/construct2/releases/r212.2> and download Construct 2 Release r212.2
2. Install Construct 2 (using the downloaded .exe)
3. Open Construct 2 to make sure it loads

**NOTE:** This workshop is a two-part workshop, and recommended for middle school students and above.
