Welcome to Silicon Valley Code Camp 2019   hosted by PayPal   http://www.siliconvalley-codecamp.com

http://svcc.mobi (Mobile/Responsive Site)

Saturday, October 19, 2019   **@sv_code_camp**

8:30 AM Registration Opens.

Please join us for coffee and visit our sponsors

9:30 AM Saturday
- A Gentle Intro to Reactive Java Programming and Systems **Mary Grygleski** Room: Fireside A
- C# Real World Best Practices **Tom Becker** Room: Round Table
- GDPR and Privacy Around the World **Claudia Galvan** Room: Fireside B
- How Slack Built Shared Channels **Amarnath Kulkarni** Room: Shoot The Breeze
- How to successfully Open Source a project **Carsten Jacobsen** Room: Rendezvous
- Knowing Linux and Docker Security for Kubernetes Security **Sunil Sabat** Room: Fireside C
- React Is Your Friend: A Gentle Intro to the React Library **Eve Porcello** Room: Town Square B
- Real-ish Time Predictive Analytics with Spark Structured Streaming **Scott Haines** Room: Fireside D
- The History of JSON **Douglas Crockford** Room: Town Square A
- Time Management for Engineering Managers **Vidal Graupera** Room: Town Square C
- Time Travails With Java, Scala and Apache Spark **Christopher Bedford** Room: Chin Wagger

11:00 AM Saturday
- Agile Delivery of Large Scale Android Applications **Mohit Goenka** Room: Shoot The Breeze
- Building Amazing Extensible CLI with oclif **Gaurav Chodwadia** Room: Chin Wagger
- Deploy deep learning models as a web microservice in minutes **Saishruthi Swaminathan** Room: Town Square B
- Introduction to Password Security and Safety For Developers **Thomas Zhang** Room: Fireside D
- Machine Learning for iOS **Cyril Garcia** Room: Round Table
- Make Your Code More Testable with the Hexagonal Architecture **Ted Young** Room: Fireside C
- MongoDB Introduction **Nuri Halperin** Room: Fireside B
- Navigating the React Ecosystem **Ben Ilegbodu** Room: Fireside A
- Taming Complex Webapps with Scala and React **Kavita Laddad** Room: Rendezvous
- What's It Take to Be a (Good!) Manager? **Ron Lichty** Room: Town Square C
- You Can Count on Numbers **Douglas Crockford** Room: Town Square A

Lunch Starts by noon

1:00 PM Saturday
- Accidentally Manager – A Survival Guide for First-Time Engineering Managers **Theo Jungeblut** Room: Round Table
- Add Some Spark to Your Data Processing Pipeline **Andrew Karcher** Room: Shoot The Breeze
- Agile, DevOps, and Hardware **David Evans** Room: Fireside D
- Applied Wisdom for the Emotionally Intelligent Manager **Eric Braun** Room: Fireside B
- Getting Started with The Go Programming Language (golang) **Todd McLeod** Room: Town Square A
- How to Defy Ageism in Software Engineering **Soham Mehta** Room: Town Square C
- How to Fullstack AI **Shamod Lacoul** Room: Fireside A
- Intelligent Experimentation using Machine Learning **Nisha Bhaskaran** Room: Rendezvous
- Managing State in React Functionally with React Hooks **Eric Bishard** Room: Town Square B
- Speed, Modernize, Revitalize: Reaching the Cloud Native World. **Chris Bailey** Room: Fireside C

2:15 PM Saturday
- Cubes, Hexagons and More: Understanding the Microservices Through Shapes **Chris Richardson** Room Town Square B
- Data Center automation at NVIDIA using Pipeline as Code **Gopi Vadlamudi** Room: Rendezvous
- Fast Exact Neighbor Search in Hamming Space Using Elasticsearch **Binwei Yang** Room: Shoot The Breeze
- Intro to Smart Watches Development and Design **Diego Lizarazo Rivera** Room: Fireside C

Twitter feed for last minute camp updates: http://twitter.com/sv_code_camp

- Introduction to Machine Learning and Artificial Intelligence **Antony Ross** Room: Town Square A
- Panel Discussion With FAANG Engineering Hiring Managers **Soham Mehta**, **Ryan Valles** Room: Town Square C
- Technical Coaching Toolbox **Llewellyn Falco** Room: Round Table
- The Intersection of Quantum Computing, AI and Cryptography **Dave Nugent** Room: Fireside A
- The Science of Programmer Motivation **Marcus Blankenship** Room: Fireside B
- Visualizing Real-time Interactive Financial Data Charts Using React Native **Clem Freeman** Room: Fireside D

3:45 PM Saturday
- ACID Transactions with MongoDB **Nuri Halperin** Room: Shoot The Breeze
- Building Distributed Teams **Jerry Krikheli** Room: Fireside A
- Create Your First Wearable Application with Tizen **Diego Lizarazo Rivera** Room: Fireside C
- Developing for the Modern Mainframe **Elizabeth K. Joseph** Room: Chin Wagger
- Engineering Management Interviews **Soham Mehta**, **Yannis Minadakis** Room: Fireside B
- GraphQL with Scala **Ramnivas Laddad** Room: Rendezvous
- How to Grow Your Career Through Open Source **Juanita Dion-Chiang** Room: Town Square A
- iOS: The Best Parts **Siamak Ashrafi** Room: Round Table
- Refactoring to Async **Llewellyn Falco** Room: Town Square C
- STAR Apps: Design Systems, TypeScript, Apollo GraphQL, and React **Shawn Wang** Room: Fireside D
- The Algorand Blockchain - Decentralized and for Developers **Russell Fustino** Room: Town Square B

5:00 PM Saturday
- Clean Code – The Art of Decoupling **Theo Jungeblut** Room: Town Square C
- Developing Cross-platform applications using Flutter (Web, Android and iOS) **Priyanka Tyagi** Room: Chin Wagger
- How to Switch Your Technical Domain **Soham Mehta** Room: Fireside B
- IBM Blockchain Platform and VS Code: Globalizing the world of Supply Chain **Lennart Frantzell** Room: Fireside A
- Learn To Build A Website with Golang **Todd McLeod** Room: Round Table
- Powering DesignOps at PayPal **Stan Carrico** Room: Shoot The Breeze
- Q&A Panel with Engineering Managers **Tammy Baker**, **Marcus Blankenship**, **Eric Braun**, **Vidal Graupera**, **Jerry Krikheli**, **Ron Lichty** Room: Town Square B
- The Web Got so Good You Can Build a Startup in 1 Day **Swizec Teller** Room: Town Square A
- Top 10 Ways to Scale Your Website with Redis **Dave Nielsen** Room: Rendezvous

Speakers and Volunteers Dinner (BBQ) Starting 6:00PM.
